

Get Ready to Choose Your Career (Using the Self Directed Search)

Choosing the most appropriate subjects and stream can be fun and enjoyable if one takes away the pressure of trends, peer influence and other external pressures.

Objective:

- The objective is to bring each one to learn about one's own strengths and qualities and align one's subject / stream choices to it.

Topics to be covered:

1. Short test to know your inner competencies and interests.
2. Talk on different stream / subjects.
3. Discussions will help you to give more clarity on your choices.

Design:

- Quiz, Games, Power point presentations, Audio-visuals, Role plays, etc.

For Whom:

- For High School Students – 8th to 12th grade.

Duration:

- Four hours (One session only)
